SHREE VALLABH ASHRAM'S MCM KOTHARI IGRS

“ Empowering each girl child to achieve her highest potential.”

Overview:

We believe that for a society to be strong and progressive, its women must be strong. Today's girl is tomorrow's woman and the future mother. She must be given the right type of education which will inculcate in her the values of integrity and character. It was with this conviction and philosophy that we started Shreevallabh Ashram's MCM Kothari International Girls' Residential school which is contributing in creating a good Indian society and a happy world community for tomorrow.

Based on the consistent demand from the society for imparting quality education for the girl child, Shreevallabh Ashram had launched its International Girls' Residential School in 2004, affiliated to CBSE, Bharat. This is a Residential School having co – education from Class1 to 5 and only Girls for Class 6 to 12. Having a strength of approximately 450+ Students.

The School is situated nearly a kilometer away from the National Highway No.48, Killa Pardi.

Sited on the verdant and pristine place, the school campus is a haven of lush greenery amidst beautifully cultivated lawns and modern infrastructure sheltered from the din and pollution of the city. The climate is moderate throughout the year.
